

Honduras Outreach Medical Brigada Relief Effort

Dear Seton Community,

My name is Valerie Hoffman. I am a Seton alumnus from the class of 2007 and am currently pursuing a doctorate in physical therapy at Virginia Commonwealth University. June 15-29, 2019, I will be traveling with HOMBRE to Chiclayo, Peru to offer free medical services to local communities that do not have adequate healthcare. I am SUPER EXCITED to have been granted this opportunity to use the knowledge and skills I am learning in physical therapy school to make a difference for the people of Chiclayo!

I have to raise \$2,300 by April 16th for this incredible opportunity and am writing to ask for your support. The money will be put towards traveling expenses, as well as the medical supplies and pharmaceuticals that we will be bringing to the sites. Any extra funds will be donated to HOMBRE to continue their mission. No donation is too small! Even a donation of \$5-10 will get me one step closer to reaching my goal and will go towards helping patients receive the health care they need.

If you could support my efforts by making a donation, there are two ways to contribute. Either by check made payable to Valerie Hoffman (drop off with Mark Hoffman or the front office) or by visiting my GoFundMe campaign: <https://www.gofundme.com/txer9z-medical-mission-trip-to-peru>

Thoughts and prayers for my brigade and the people in Chiclayo are much appreciated! Thank you in advance for your support!! Also, feel free to browse through the HOMBRE brochure and website at <http://www.hombremedicine.org> and let me know if you have any questions. I'll be happy to answer them!

Thank you again,
Valerie Hoffman, SPT
