

ACT and SAT Test Prep Class:

Are you ready for the ACT or the SAT? Summer is a great time to prepare! Come join our class!

Our prep curriculum includes identifying possible colleges to apply to, researching the test scores needed for those schools, an in-depth study of each subject area on the test, and strategies to maximize a personal best score. We will practice tests in an untimed format, then move to practicing the test when timed and using a "bubble" answer sheet. We have developed this curriculum over the past 8 years and our strategies reflect the most recent changes made to the test. Kristin Forman will be teaching the Reading, English, and Science prep classes and Maria Cackett will be teaching the Math prep classes. Prefer one on one tutoring? Contact us!
