## FROM OUR EXECUTIVE DIRECTOR, MRS. CARROLL

**LAST SENTINEL:** This is the last Sentinel of the academic year. When the school year began, we could not have predicted how the school year would end. But thanks to heroic efforts by teachers, staff, parents and students, Seton has maintained its high standards and Catholic commitment in spite of coronavirus quarantines, computer breakdowns, technological illiteracy (speaking for myself here), and a whole host of other hurdles. May God bless all of you—teachers, staff, parents and students—for your resilience, your perseverance, your cheerfulness, and your commitment to making this a fulfilling and memorable year.

**SONS OF THE MOST HIGH:** Seton's popular bi-annual Sons of the Most High Event—a day of Faith, friendship, and fun—is in the planning stages. Please see the blurb in the Sentinel calling on junior and senior young men to join with Mr. Terreri in planning this event. Information on the event itself is available [here](#). Save the date!

**ESSAY CONTEST WINNERS:** Congratulations to the Seton winners in the Youth Apostles Pro-Life Essay Contest: First place, Lydia O'Keefe. Second place: Peter Reyes. Third place: Pamela Medina. Honorable Mention: Josh Atkinson, Eibhliin McCloskey, Catie Pacheco, and Vincent Verrocchio. Read Lydia's first place essay elsewhere in the Sentinel.

**MICHAEL JOSEPH PENNEFATHER SCHOLARSHIP:** Michael Joseph Pennefather, oldest child of Mr. P. and his wife Deirdre, was born with multiple handicaps and was not expected to live past birth. By God's grace he lived twelve years and was an example of strong Catholic faith and joy in suffering. Each year Seton offers a full tuition scholarship to a student—currently enrolled or coming in the fall—who exemplifies these virtues. To nominate a student for this scholarship, please send a letter to my email or by Jupiter giving examples of how your nominee is showing joy in carrying a cross and is living a life of Catholic virtue. The deadline for nominations is June 10.

**WARREN H. CARROLL SCHOLARSHIP:** Each year I offer a \$500 scholarship in Dr. Carroll's honor to a Seton School graduate who is currently enrolled at Christendom or will be enrolled in fall 2020. This year, in thanksgiving for many blessings received, I am offering two \$500 scholarships. The scholarship application is available on the website or you can click [here](#).

## PRAYER REQUESTS

*Please pray for the Class of 2020 as they move on to their next chapter.*

*The faculty and staff at Seton wish all our Seton families a safe and relaxing summer!*

## END OF THE YEAR HOUSEKEEPING ITEMS

### BOOK RETURN

All students are asked to return ALL of their books the week of May 25th-29th between 9am-Noon only. Students are asked to return their books to specific classrooms in which they took the class. We would like to ask families to please tell your child not to socialize once in the school. They are asked to return books and then to leave. We stress the importance of returning books to their correct buildings AND classrooms, during the above times so that we can check your name off the book return list. If we do not receive books this week, grades will not be able to be released. If you have any questions, you may email [dcooper@setonschool.net](mailto:dcooper@setonschool.net). Thank you for your help in this matter.

Please consider bringing an item for expectant mothers who visit, *Mother of Mercy Free Clinic in Manassas*. There's a drop off box in the front office. Click [here](#) to see what is most needed.

**DO YOU OWE MONEY TO SETON?** With the abrupt ending to our school year, many items have been left hanging. A letter was sent out to all the families that still owe money (ad campaign/pro points/tuition/etc.). If you owe money, please send in what is due ASAP. Transcripts, report cards, etc. can NOT be mailed or distributed until Seton receives payment. Thank you for understanding. You may contact Debbie Cooper at [dcooper@setonschool.net](mailto:dcooper@setonschool.net) with any questions or concerns.

**CONGRATULATIONS TO OUR STUDENTS!** We will have a special Awards Newsletter to list all of the accomplishments and awards for our students for the 2019-2020 School year. We will also include all the students that made the Honor Roll for the school year. This will be sent out once the grades have been finalized and report cards have been printed. Look for it the week of June 8th. Awards and report cards will be printed and mailed the week of June 8th.

## Lydia O'Keefe, Seton School, Winner in the 26th Youth Apostles Prolife Essay Contest, "Have 20/20 Vision for Life."

I have astigmatism. I don't see my surroundings entirely right; things are just a little bit off. The condition is not serious, but because I know that my vision isn't perfect I can use glasses for important situations. I think that we, as a society, have something wrong with our vision and we don't even realize our blindness.

There is a clear problem with our sight if we can't see the fully-living, human person in the unborn child. Yet for the past 40 years the majority of our society has only seen a non-feeling potential for life. This is a strange view, especially during the later months of pregnancy, where there is almost no difference between the fetus and a born baby. Is the basic right to live a matter of breathing air?

Today where we have so much understanding of prenatal development, the belief that there is no life before birth is outdated. We know that conception creates a new being, not part of either mother or father. We know that immediately this creation begins developing independently. What starts as a single cell starts to form a brain, heart, and spinal cord within two weeks of conception. By eight weeks, the fetus is clearly recognizable as a human being even without any scientific assessment. Why is such a dependent, defenseless person destroyed? With all of today's technology and knowledge, we still cannot recognize humanity. Despite our nation's prosperity, high standard of living, and welfare programs, we insist that we could not care for any more children. We are truly blind, in mind and heart, if we can't see the life of the unborn, can't have pity on these unwanted of the world.

Fortunately for all, this attitude is changing. In a recent Gallup poll, almost 50% of the responders identified as pro-life, rather than pro-choice. That percentage is the highest it has been in a decade. Our laws are increasingly becoming more pro-life in many areas of the country, respecting human personhood in all stages and situations. This gives great hope to all who fight for the unborn. With growing momentum, our country is starting to see clearly. Through pro-life efforts, more are realizing the great injustice and cruelty of abortion.

As we continue with our efforts, we need to keep our goal firmly in sight: to end the blindness of our society so that human life will be seen for what it is again.
