## SETON SENIOR PARENT QUESTIONNAIRE

Senior class parents are encouraged to complete the following questionnaire in reference to your son or daughter. Please have your child return this form to Mr. Geary, Seton Head Guidance Counselor, at his/her individual senior meeting which will be scheduled in the September/October timeframe.

The information you provide will be helpful in understanding your family dynamics and future expectations for your son or daughter. Students will also be asked to fill out their own forms (Senior Insights) and provide their guidance counselor with additional insight. This information will be helpful to the Seton counselors as they identify individual talents, special circumstances or anecdotes that might be used in a letter of recommendation. We sincerely appreciate your giving us this information and look forward to working together to achieve post high school admission success!

1. What college, vocational or technical school characteristics do you think are important? (i.e. religious affiliation, size, location, political atmosphere, academic reputation, military affiliation).
2. Are there any schools that might be appropriate for legacy consideration? Legacy typically refers to a father, mother or sibling who has attended the prospective school.
3. Describe any strengths or weaknesses of your son or daughter (i.e. organization, motivation, independence, creativity, growth potential, etc.).
4. What adjectives would you use to describe your son or daughter?
5. Describe any special achievements, qualities, or interests of your son or daughter (i.e. leadership, concern for others, confidence, warmth of personality, energy, maturity, etc.).
6. Please describe any special circumstances that might affect his or her performance.
